

**HERNANDO COUNTY, FLORIDA BOCC
invites applications for the position of:**

Maintenance Technician I (Road Maintenance)

SALARY:	\$13.69 - \$22.17 Hourly \$28,475.20 - \$46,113.60 Annually
DEPARTMENT:	Department of Public Works
DIVISION:	Road Maintenance Division
OPENING DATE:	12/17/21
CLOSING DATE:	03/31/22 11:59 PM
DESCRIPTION:	

Responsible for job site coordination and preparation of job site paperwork for a public works crew to ensure that works assignments for a crew are completed and assigned, safely, efficiently, and with the quality expected of the field supervisor. Responsible for performing skilled masonry work involving the placing and finishing of concrete, the laying of brick or block and the construction and placement of concrete forms in advance of placing concrete. Work assigned is generally within the public works environment. Performs assignments as part of a public works crew and works in harmony with other trades persons and equipment. May be required to perform tasks involving heavy labor as needed.

EXAMPLES OF DUTIES:

The following statements describe the principal functions of this job and its scope of responsibility but shall not be considered an all-inclusive listing of work requirements. Individuals may perform other duties as assigned, including working in other functional areas to cover absences or relief, to equalize peak work periods or otherwise to balance the workload.

- Sets, forms, places, and finishes concrete for curbs, gutters, drainage headwalls, drainage sluiceways, sidewalks, driveway aprons, culvert end treatments and other road maintenance applications. Floats concrete to achieve a proper concrete finish. Installs reinforcement bar or wire as required prior to the placement of concrete.
- Constructs block walls, catch basin and manhole risers from block or brick, sets manhole and catch basin frames, grates, and covers.
- Calculates quantities of concrete, block, brick, and formwork required for work assignments necessary for job completion. Performs manual tasks with hand tools such as shoveling, raking, sawing, jackhammering, and concrete drilling, as necessary.
- Able to operate a commercial vehicle with gross vehicle weight of over 26,000 lbs. GVW.
- May be required to perform "on-call" duties at any time of the day or night as required for emergency response.

TYPICAL QUALIFICATIONS:

JOB STANDARDS:
Education

Graduation from an accredited high school or possession of an acceptable equivalency diploma.
 Experience
 Five (5) years of experience in placing and finishing concrete and brick/block laying. Three (3) years' experience in operating commercial vehicles and/or construction equipment.
 Licenses, Certifications or Registrations
 Valid Florida Commercial Driver's License Class B or Class A and be insurable by current insurance carrier. May be required to have tankers endorsement. FDOT Intermediate Work Zone Certification. This position is subject to random drug and/or alcohol testing when necessary. Must possess or be able to obtain within 90 days of employment, certification in NIMS/Incident Command Courses IS100PWb, IS200, and IS700, IS800 and be able to obtain ATSSA Flagger Certification.

CRITICAL EXPERTISE TO PERFORM ESSENTIAL FUNCTIONS

- Knowledge of concrete curing, finishing, floating, forming, placing, and mixing. Ability to accurately calculate the volume of concrete needed for a particular job.
- Knowledge of safe practices and methods used in public works construction and maintenance activities.
- Ability to perform manual labor, including jack hammering and concrete drilling as needed.
- Ability to understand and follow oral and written instructions from supervisors or other competent authorities and the ability to read and interpret construction plans.
- Ability to interact with co-workers, supervisors, and the general public in a professional and courteous manner.
- Ability to become NIMS certified within three (3) months of employment.
- Ability to operate computer tablet for time and material entry.
